

2. Public Transport:

- A. METRO. The best way to travel from the Airport to your hotel in public transportation is by Metro (Underground). The Metro web page is: <http://www.metromadrid.es/en/index.html>
The nearest station to the school of forestry is **VICENTE ALEIXANDRE -LINE 6/Gray-** (Way out: **Gregorio del Amo**). In the airport, the name of the station depends on the Terminal of your arrival (AEROPUERTO T1 T2 T3 or AEROPUERTO T4).
- B. AIRPORT EXPRESS BUS. Direct connection from the airport to Atocha Train Station and Cibeles Square. For more information please follow the link: <https://www.emtmadrid.es/Bloques-EMT/Aeropuerto.aspx?lang=en-GB>
- C. TAXI. If you choose to take a taxi from/to the airport to your hotel instead the Metro/Underground/Bus, please take into account, there is a new regulation implying a flat rate of 30 euros, no matter the distance.

3. Accommodation

In the google map, you will find some of the nearest hotels to our School of Forestry. **A 3-star hotel Tiro!**, could be a good option combining location and accessibility to **Metro line 6 (gray)**. In any case, in Madrid there are plenty of accommodation options that you can check in webpages like:

www.trivago.com

www.kayak.com

www.skyscanner.com (also, one of the best search engine for flights)
