UNECE/FAO Team of Specialists on Wood Energy

DRAX Biomass Carbon Calculator –background, scope and functionalities

UNECE/FAO Team of Specialists on Wood Energy

11 June 2020, Geneva, Switzerland

1. Welcome by the Secretariat
2. Opening remarks by Mr. Francisco Aguilar (Swedish University of Agricultural Sciences), Team Leader of the UNECE/FAO ToS on wood energy, who will moderate session
3. Presentation by Mr. Michael Goldsworthy (DRAX)
4. Discussion – you are welcome to type questions into the “chat” field during the presentation
5. Closing remarks

Mandate and objectives of the ToS

ECE/TIM/2017/2 FO:EFC/2017/2 & ECE/TIM/2019/2 FO:EFC/2019/2

FORÊT 2019

- To advise the ECE/FAO Forestry and Timber Section and support activities in Work Areas 1 and 2 on the methodology for, the implementation of and the follow-up to the Joint Wood Energy Enquiry and specific studies related to wood energy.
- To contribute to a better understanding of wood energy statistics as a basis for sound policymaking.
- Publication of scholarly manuscripts examining (...) socio-economic and environmental aspects of wood energy use in ECE member States, including (...) mitigation of climate change.

Today's objectives

FORÊT 2019

- Obtain a short overview on Drax;
- Learn mechanics and assumptions of Drax Biomass Carbon Calculator;
- Understand functionalities of the calculator;
- Enable open discussion in issues and questions.

Before we start

FORÊT 2019

- Please mute your microphone
- You may leave your camera on or off
- Use the chat box to type questions as they come up during the seminar
- During the Q&A session the moderator may ask specific participants to state questions for clarification or additional conversation
- Unanswered questions will be shared with Drax and responses subsequently shared with ToS

Thank you!
