

Draft Programme of Work of Forests and the Forest Industry Subprogramme for 2021

Item 6(b), Documentation: ECE/TIM/2020/6

78th session of the ECE Committee on Forests and the Forest Industry

4-6 November 2020, Geneva, Switzerland

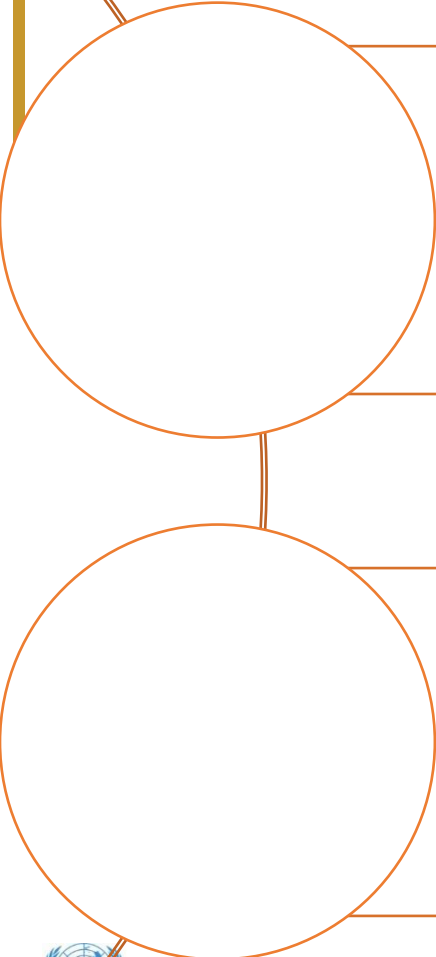

- Under consideration by the 5th Committee in New York
- Corresponds to the ECE programme budget
- Part of internal bureaucratic procedure
- Aligns ECE legislative mandates with subprogramme activities

- Similar to 2019
- Highlighted results and visualized performance measures
- Objective: *strengthen sustainable management of forests and enhance the contribution of forests and forest products to sustainable development in the ECE region*
- Aligned with WIPoW

Programme plan for 2021

Result 1: are we there yet? Measuring sustainable forest management under Sustainable Development Goal 15 (result carried over from 2020)

Result 2: strengthening capacity and political commitment for ecosystem restoration in Eastern and South-Eastern Europe (new result)

- The Committee is invited to review and adopt the draft programme of work of Forests and the Forest Industry subprogramme for 2021 and recommend it to the ECE Executive Committee for approval.

Thank you!
