

## **Joint FAO/UNECE Working Party on Forest Economics and Statistics**

**Geneva , April 2 - 3, 2008**

It reviewed the potential wood supply situation in the region with many countries contributing their own views on this potential. The conclusions and recommendations of the Wood Balance Workshop were endorsed. The methods used in preparing "State of Europe's Forests 2007" were reviewed and recommendations made to improve the process in the future. The Working Party also reviewed its own procedures and approved a revised term of references. It also examined the activities carried out in the three work areas and endorsed the planned activities for 2008-2013.

The presentations given at the Working Party can be downloaded [here](#), as well as the [country statements on potential wood supply](#).
