ECONOMIC COMMISSION FOR EUROPE

COMMITTEE FOR TRADE, INDUSTRY AND
ENTERPRISE DEVELOPMENT

Working Party on Agricultural Quality Standards

Specialized Section on Standardization of
Fresh Fruit and Vegetables

Fifty-first session

8 - 11 March 2005, Geneva

Item 10 of the Provisional Agenda

ACCEPTANCES OF UNECE STANDARDS

Proposal Transmitted by Germany

Note by the secretariat: The delegation of Germany has reviewed the list of acceptances to make it more user-friendly. Delegations are invited to check the proposals and the list carefully so that a decision on the format can be taken at the session. The secretariat will also distribute the list to countries that do not usually participate in order to obtain their opinion.

1. COMMENTS/JUSTIFICATIONS CONCERNING THE REVISIONS MADE

- The information concerning "standard in preparation", "not produced", "not traded" etc. might change quickly and are not relevant in the context of the table as it is only important who is accepting and applying the UNECE standards.
- All countries attending the meetings of WP.7 and its Specialized Sections and all members of the OECD Scheme should **accept** the standards.
- In the proposal the acceptance of UNECE standards is regarded to represent equally the acceptance of the OECD standards as the OECD Scheme for the Application of International Standards of Fruit and Vegetables adopts the UNECE standards for fresh fruit and vegetables and for dry and dried produce as such.
- **Application** of the standards means implementation in the national legislation.
- The possibility to include the levels of marketing at which the standards are applied has been included in the proposal. In the light of the proposal that the UNECE standards should be valid at all levels of distribution, these options could be deleted.
- The different options were indicated by numbers in superscript to make the table easier to read.

2. Proposal for the REFORMATTING OF THE List of acceptances of UNECE standards
