

ABOUT

To respond to the recommendations of the UNECE study on Regulatory and Procedural Barriers to Trade in Kyrgyzstan, in 2017 UNECE has launched a project for “Strengthening the national capacity of trade-support institutions” in the country, with a focus on supply chain management, the facilitation of import and export procedures, and single window implementation. The project has developed a training kit and organized a series of train the trainers’ courses.

OBJECTIVES

- To increase the understanding of traders and government officials of international and national trade-related regulations, policies, trends and issues;
- To increase the capacity of national trade support institutions of Kyrgyzstan to provide training for traders and government officials.

TARGET AUDIENCE

- Traders and government officials

LANGUAGES

- Russian

PARTNERS

- Eurasian Economic Commission
- Kyrgyzstan State University
- The Russian Federation (project donor)
