on WTO Agreements,
Code of good practice for the preparation,
adoption and application of standards, OIML documents**

Laws of the Republic of Belarus

«On protection of customers rights»

«On quality and safety of food raw material and foodstuffs for human life and health»

«On trade»

«Code of the Republic of Belarus on administrative violations»

Government Regulations

«On approval of the Provision on the order of performance of the State surveillance over observance of the requirements of technical regulations and Provision on the order of performance of the State metrological surveillance»

«Provision on the State committee for standardization of the Republic of Belarus»

«Provision on interaction of republican bodies of public administration and law enforcement bodies in the field of intellectual property protection»

System of control and surveillance bodies

Draft of ordinance of the President of the Republic of Belarus «On improvement of control (surveillance) activity in the Republic of Belarus»

In order to improve the control (surveillance) activity in the Republic of Belarus and create the unified order of its realization I enact:

To approve:

Regulation on order of organization and carrying out of inspections (audits);

List of control (surveillance) bodies with indication of fields of their control (surveillance) activity;

List of matters subject to control (surveillance);

Criteria for association of the management subjects (inspection objects) to the risk (danger) groups;

Risk criteria, on the basis of which planned inspections are scheduled

High risk level:

Existing mandatory requirements, that cover the absence of inadmissible risk of harm to human life, health and heredity, property and environment during production, exploitation, storage, transportation and selling of the products or services rendering.

Availability of information on the harm to human life, health and heredity, property and environment due to infringement of requirements of technical normative legal acts, absence of documents on quality.

Risk criteria, on the basis of which planned inspections are scheduled

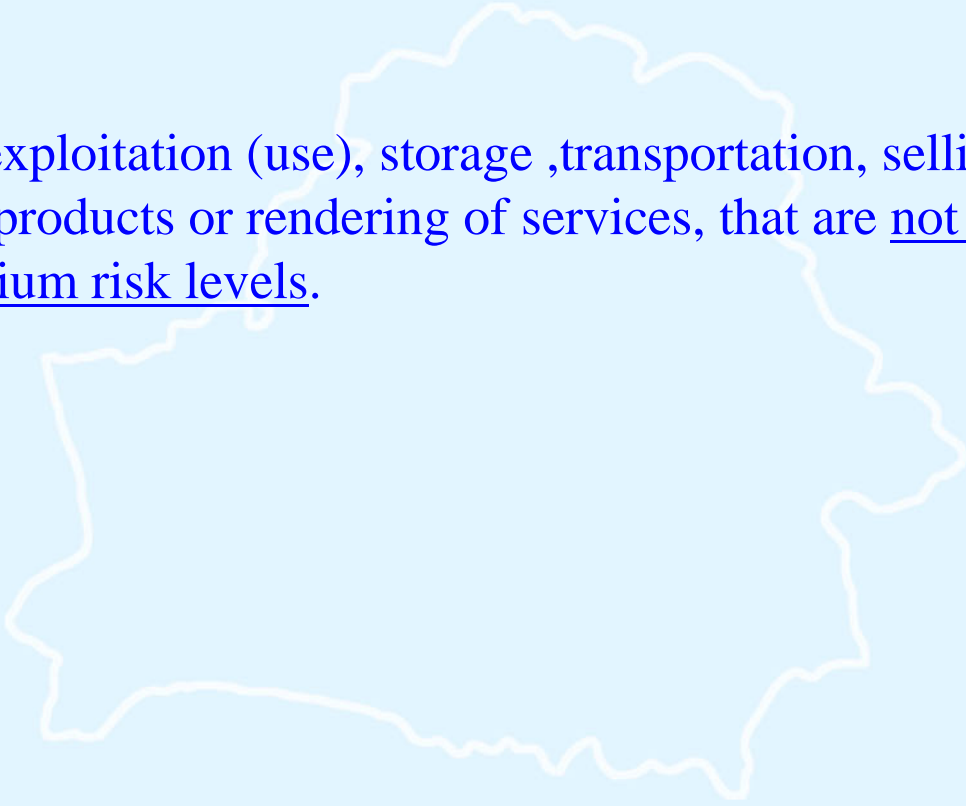

Medium risk level:

Production, exploitation (use), storage ,transportation, selling and utilization of products or rendering of services, for which there are assurance requirements for technical and information compatibility, products interchangeability, national safety and rational use of the resources.

Risk criteria, on the basis of which planned inspections are scheduled

Low risk level:

Production, exploitation (use), storage ,transportation, selling and utilization of products or rendering of services, that are not related to high and medium risk levels.

Responsibility for standard requirements infringement

Responsibility of economy entities

Administrative fines

Operative sanctions

(selling prohibitions,
Prescriptions to withdraw products
from consumers)

Sanctions civil law

Employee personal responsibility

- **Criminal**
- **Administrative**
- **Disciplinary**
- **Material**

Notification of dangerous products

- 1. Automated system «ASU-state surveillance» (acts in the republic)**
- 2. Telecommunication system «Dangerous products» (within CIS-countries)**
- 3. Information exchange between surveillance bodies on dangerous products**

WEBSITE of Gosstandart

The screenshot shows the website of Gosstandart, the State Committee for Standardization of the Republic of Belarus. The header features the Gosstandart logo and the text "ГОССТАНДАРТ ГОСУДАРСТВЕННЫЙ КОМИТЕТ ПО СТАНДАРТИЗАЦИИ РЕСПУБЛИКИ БЕЛАРУСЬ". A navigation menu includes links for "ГЛАВНАЯ", "АРХИВ НОВОСТЕЙ", "КАТАЛОГ РЕСУРСОВ", "ОБНОВЛЕНИЯ", "КАРТА САЙТА", "РЕЕСТРЫ", and "СЕМИНАРЫ".

The main content area features a news item titled "ОБ ОБЪЯВЛЕНИИ КОНКУРСА ПО РАЗРАБОТКЕ ГРАФИЧЕСКОГО ИЗОБРАЖЕНИЯ ЕДИНОГО ЗНАКА ОБРАЩЕНИЯ ПРОДУКЦИИ НА РЫНКЕ ГОСУДАРСТВ – ЧЛЕНОВ ЕВРАЗИЙСКОГО ЭКОНОМИЧЕСКОГО СООБЩЕСТВА". The text below the title states: "Интеграционный Комитет Евразийского экономического сообщества объявляет конкурс по разработке графического изображения единого знака обращения продукции на рынке государств-членов Евразийского экономического сообщества." A "Подробнее..." link is provided.

Below this is another news item titled "СОЗДАН НАЦИОНАЛЬНЫЙ ТЕХНИЧЕСКИЙ КОМИТЕТ ПО СТАНДАРТИЗАЦИИ «ИДЕНТИФИКАЦИЯ»". The text reads: "Приказом Государственного комитета по стандартизации Республики Беларусь от 20.06.2008 № 124 на базе Государственного предприятия «Центр Систем Идентификации» создан Национальный технический комитет по стандартизации «Идентификация» (ТК 24)." It further explains the committee's goal: "Его цель – разработка технических нормативных правовых актов, а также создание условий для участия в процессе стандартизации всех заинтересованных субъектов технического нормирования и стандартизации в области идентификации (штриховое кодирование, радиочастотная идентификация), товарной нумерации, электронного обмена данными (электронные деловые операции)." A barcode is shown with the text "x | x x x x x | x x x x x".

The bottom section is titled "В ГОД ЗДОРОВЬЯ – НАТУРАЛЬНЫЕ ПРОДУКТЫ" and states: "Продукты питания со знаком «Натуральный продукт» появятся уже в ближайшее время. В республике с 1 июня 2008 года введен в действие технический кодекс установившейся практики (ТКП 126-2008), устанавливающий правила маркировки указанным знаком." A partial logo for "АЛЬНЫЙ ПР" is visible.

The left sidebar contains a menu with items such as "О комитете", "Техническое нормирование и стандартизация", "Метрология", "Оценка соответствия", "Качество", "Государственный надзор", "Энергоэффективность", "Строительство: экспертиза, контроль, надзор", "Сотрудничество", "Безопасность продукции", "Безопасность дорожного движения: нормы, требования, правила", "Социально значимые ТНПА", "Вопрос-Ответ", "Прием граждан", "Выдача справок", "Контактная информация", and "On-Line конференции".

The right sidebar includes a search bar, a "Горячие линии" section for the Gosstandart system, a section for "Новое законодательство Евросоюза по химическим веществам", and a section for "С 1 июля 2008 года вводятся государственные стандарты на: цифровое телевизионное вещание" with a "подробнее" link.

At the bottom right, there are logos for "Национальный фонд ТНПА" and "Каталог стандартов ТНПА", along with a link for "Технические регламенты".
