On November 18, 2013, the International Conference on Interaction of International and Regional Standards Systems was held in Geneva.

The event was organized by UNECE WP 6 and the RSPP Committee on Technical Regulation, Standardization and Compliance Assessment.
In legislative and regulatory legal acts of the Russian Federation, in regulatory documents of Federal Executive Authorities (hereinafter – regulatory legal acts), national standards are applied by reference to them.

References to national standards in regulatory legal acts are applied by giving them the name and designation of standards with or without specifying the date of approval (registration) of national standards.
Conclusion on draft of Russain Federal Law «On standardization in the Russain Federation»

1. Draft of the law is adopted according best world practices in the legislation
2. Has the statements that are examples for other legislations
3. Is fully in compliance with TBT WTO.
