Informal document GRE-74-24
(74th GRE, 20-23 October 2015,
agenda item 4)

Simplification of Regulations

Light Sources Regulations

Nos. 37, 99, 128

Clarification
19 October 2015

Legal aspects

GRE-74-15, Horizontal Reference Document (HRD)

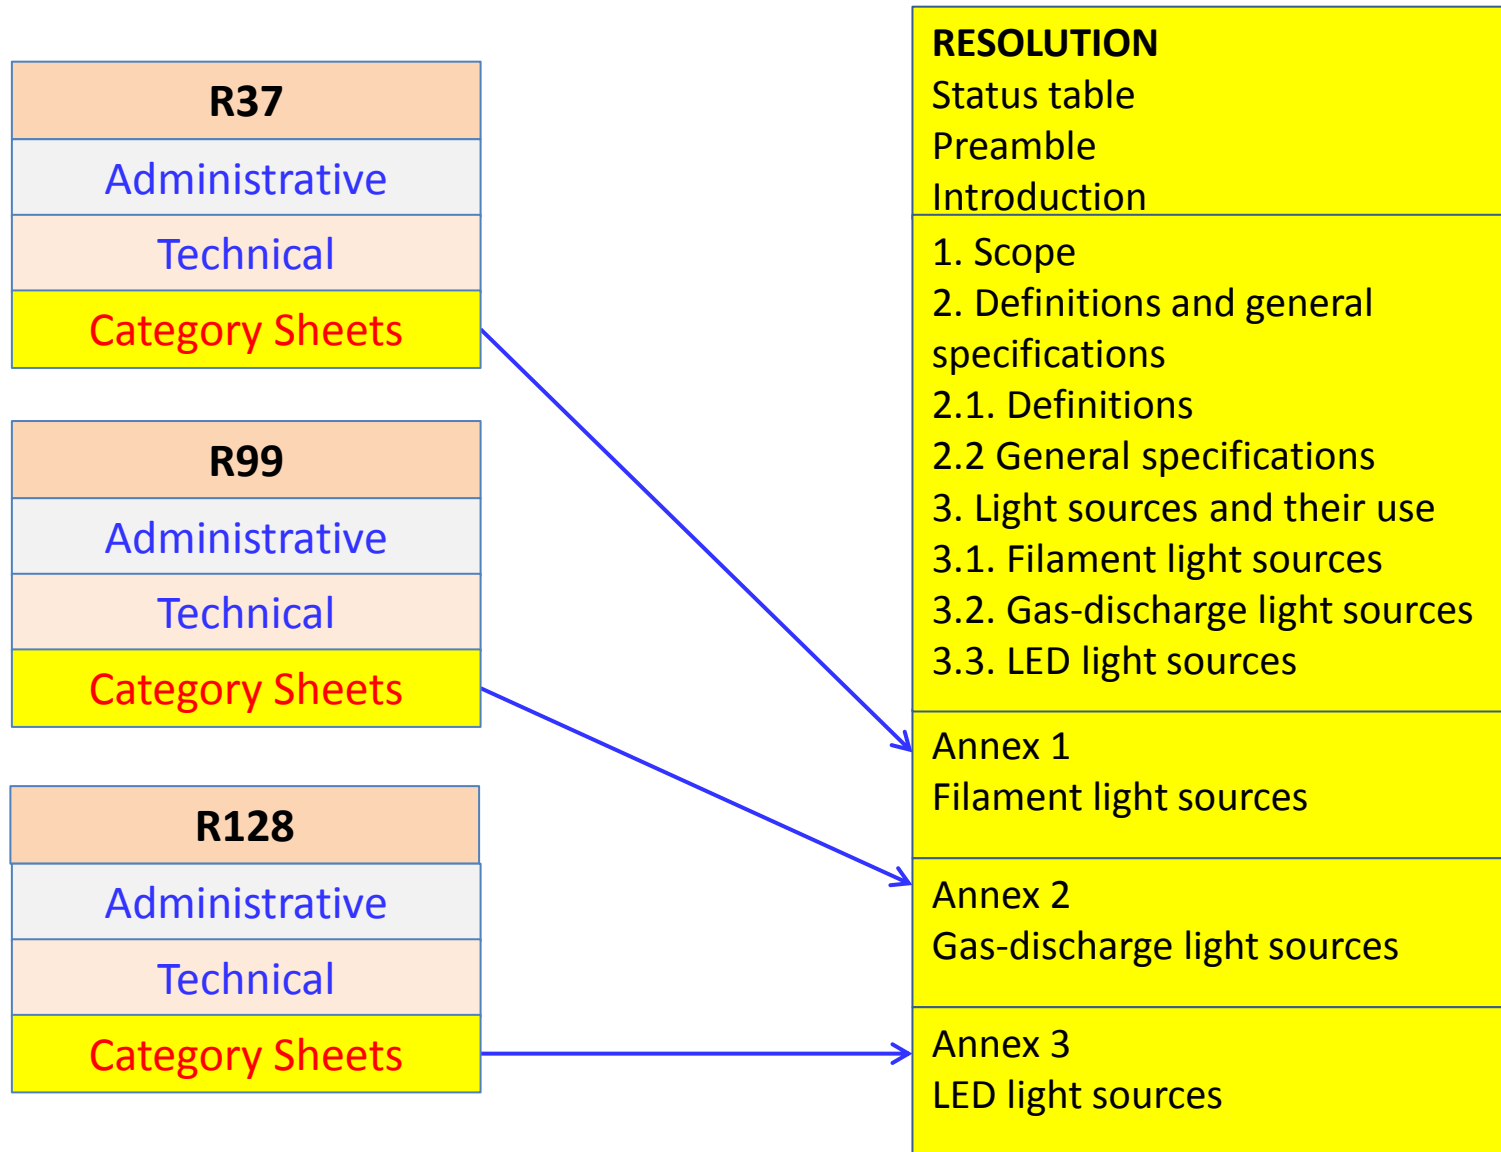

- Consultations with OLA to identify any legal issues
- A Resolution cannot be employed to amend a Regulation

GRE/2015/28, Light sources Resolution

- All requirements stayed in the regulations (except copies in par. 2.2)
- There are no references backwards (except for 3, meaning lamps according to some regulations)
- The Resolution is only specifying the light source categories
- An amendment of the Resolution is normally inserting new sheets in the annexes that are one-to-one related to Regulations Nos. 37, 99 and 128

Tentative conclusion: no legal issue for light sources resolution

The amendment of the Resolution does not cause an amendment of a regulation
The amendment of one regulation does not cause an amendment of another regulation

END
