**I. Proposal**

*Annex 2A, item 51*, amend to read:

"51. **Regulated** ~~Devices~~ for indirect vision (~~camera-monitor devices, rear view mirrors, others~~):"

**II. Justification**

1. The original proposal by IGCMS II aims at amending the provisions of Regulation No. 10 on electromagnetic compatibility to include the newly accepted camera-monitor devices defined in Regulation No. 46.
  2. This proposal aims at clarifying that the original proposal is only for these regulated devices for indirect vision.
  3. Other devices for indirect vision are already included in the scope of Regulation No. 10, as today.
