- **Adoption** June 2017

Detailing requirements of Acoustic Vehicle Alerting System (AVAS)

- **Commission empowered to detail by 1/7/2017 AVAS requirements that are already in Annex VIII to Reg. (EU) No 540/2014**
- **Commission Delegated Regulation taking into account the UNECE relevant work**
- **Result of current UNECE work:**
 - **UNECE Regulation No 138 on QRTV adopted in the 168th WP29 (March 2016)**
 - **UNECE R138 amendment 01 for AVAS pause switch – common proposal by Japan and OICA adopted by the 64th GRB (5-7 Sept 2016) for optional pause switch**

Regulation on AVAS requirements:

Commission Delegated Regulation amending and supplementing Regulation (EU) No 540/2014 of the European Parliament and of the Council as regards the Acoustic Vehicle Alerting System requirements for vehicle EU type-approval

➤ *Legal obligations:*

- *to detail the requirements in Annex VIII by completing them*
- *to have the AVAS on all new EV and HEV types by 1/7/2019 and all new EV and HEV by 1/7/2021*

• **Articles**

- 1) Amendment of Annexes I and VIII to Reg. 540/2014
- 2) Entry into force

Regulation on AVAS requirements

Requirements

- Based on the technical requirements drafting in Annex VIII, Reg. 540/2014
- Completing the *technical* requirements of Annex VIII, Reg. 540/2014 by *referring* to requirements of UN R138
- *Accepting* the necessary *admin* requirements from UN R138 alternatively to corresponding admin requirements of the EU legislation (Annex I, Reg. 540/2014)

Regulation on AVAS requirements

A) *Technical requirements*

- 1) Reference to EU OJ number L9/13.1.2017 (UNECE R138, base version)
- 2) Accepting the definition of "Pause function" as in UN R138, 01 amendment
- 3) The AVAS sound generation requirement in forward motion and reverse as in Reg. 540/2014 or

the overall sound emission of the vehicle without AVAS in accordance to UNECE R138
- 4) Requirements on testing and min vehicle sound level when no AVAS in reverse, due to vehicle warning alarm

Regulation on AVAS requirements

5) Pause switch

- Called pause function
- Optional
- To comply with the requirements in UN R138 (common position of Japan and OICA as adopted at the 64th GRB)

Regulation on AVAS requirements

B) Administrative requirements accepted from the UN R138

UN R138 type-approval certificate (communication) accepted and attached to the vehicle EU type-approval certificate with respect to sound emission

(Model of Communication for UN type-approval introduced)

or the EU test results attached as in Reg. 540/2014

- information document and the type-approval certificate of the vehicle, as laid down in Reg. 540/2014 and Dir. 2007/46, suitably modified
