\* In accordance with the programme of work of the Inland Transport Committee for 2016–2017 (ECE/TRANS/254, para. 159 and ECE/TRANS/2016/28/Add.1, cluster 3.1), the World Forum will develop, harmonize and update Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

## I. Proposal

*Paragraph 6.3.7.*, to be deleted:

"6.3.7. ~~May not be "reciprocally incorporated" with any other lamp, except amber front position lamp."~~

*Paragraphs 6.3.8. to 6.3.9.4. (former)*, renumber as paragraphs 6.3.7. to 6.3.8.4., respectively.

## II. Justification

1. This proposal aims to align the text of Regulation No. 53 with Regulation No. 48, and to correct a mistake in the past amendment process.
2. A similar proposal (ECE/TRANS/GRE/2010/22) to delete paragraph 6.3.7., among other paragraphs, was adopted at the sixty-third session of the Working Party on Lighting and Light-Signalling (GRE) and entered into force as Supplement 12 to the 01 series of amendments.
3. In parallel to this process, another proposal ECE/TRANS/GRE/2009/67 was also under consideration, including an amendment to paragraph 6.3.7. to allow amber front position lamps. This proposal was adopted at the sixty-fourth session of GRE and entered into force as Supplement 13. Thus, although paragraph 6.3.7. had already been deleted by Supplement 12, it was inadvertently reinstated by Supplement 13.
