Lighting and Light-Signalling Regulations (IWG SLR)***

The text reproduced below was prepared by IWG SLR on the basis of GRE-78-15 and with the aim to introduce into the 05 series of amendments to Regulation No.48 references to the three new simplified Regulations on Light-Signalling Devices (LSD), Road Illumination Devices (RID) and Retro-Reflective Devices (RRD). The modifications to the existing text of Regulation No. 48 are marked in bold for new or strikethrough for deleted characters. Some text is shown in square brackets to indicate that discussion and a decision are required.

* In accordance with the programme of work of the Inland Transport Committee for 2014–2018 (ECE/TRANS/240, para. 105 and ECE/TRANS/2014/26, cluster 02.4), the World Forum will develop, harmonize and update UN Regulations in order to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.

II. Justification

1. Since the introduction of Corrigendum 2 to Revision 3 of Regulation No. 48, references to the device regulations have been included into Regulation No. 48.
 2. With the new simplified Regulations on LSD, RID and RRD produced by IWG SLR, it is necessary to introduce additional references to Regulation No. 48. This amendment deals with such additional references for the 05 series amendments to Regulation No. 48.
