

Informal document: **GRSP-65-32**
(65th GRSP, 13 - 17 May 2019,
agenda item 2)

Introduction to Revision of GTR 7

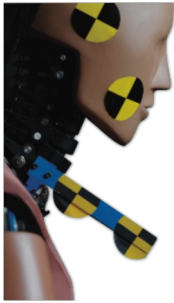

Formal Document ECE/TRANS/WP.29/GRSP/2019/5 and GRSP-65-24

(superseding GRSP/2018/27
and GRSP-64-39rev. 1)

Background

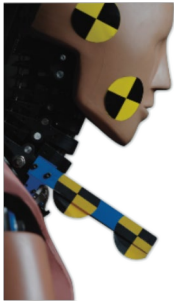

- At 64th GRSP in December 2018 the updated draft proposal for GTR 7 phase 2 doc GRSP/2018/27 (ammended by by 64-37 rev. 1) was introduced and discussed.
- In the following month comments have been received from interested parties and included in GRSP/2019/5.
- GRSP/2019/5 still contains square brackets and some issues (especially injury criteria limits) where no agreement has been reached.

The 18th IWG GTR 7 Meeting was hold on 24th / 25th April 2019 in Bergisch Gladbach (Germany)

During the meeting agreements were reached on:

- Text of the preamble
- Text of regulation especially
 - **Injury criteria**
- Some minor modifications/corrections were needed after the meeting but are now included in informal document **GRSP-65-24** which is superseding GRSP/2019/5.

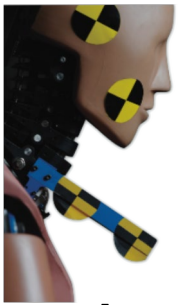

Latest proposal for injury criteria as agreed during 18th IWG meeting

Summary of recommendations for GTR 7

NIC	25	
Upper and Lower Neck My	130l Nm	
Upper Neck Fx	1360l N	
Lower Neck Fx	as care point / monitoring, language in preamble! (§147 in GRSP-65-24)	

My and Fx for flexion and extension!

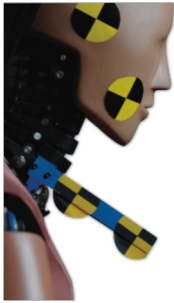

Work items for BioRID TEG

As a result of the 18th IWG meeting the BioRID TEG was reconstituted and had its 17th WebEx meeting on 6th of May with the main task to reach an agreement on certification procedures including corridors

- Concerns raised from some stakeholders with regard to Pot A
- collect data from different labs until mid of June 2019.
- data analysis until mid July 2019.
- WebEx to discuss results and proposal

Addendum to Mutual Resolution M.R.1.

Draft GTR 7 Phase 2

Outlook / Recommendation

- The IWG would welcome final comments on the content of document **ECE/TRANS/WP.29/GRSP/2019/5** and **65-24** so that it may consider them while preparing the final proposal for the December 2019 session.
- The final proposal shall be accompanied by a proposal for an entry in Mutual Resolution 1 that will detail the BioRID UN test tool.

Thank you for your attention!
