

Vehicle Safety Armenia

Poghos Shahinyan
20.05.2019

Fatality dynamics

Insured vehicles

Main indicators

Threats due to the absence of updated vehicle standards

- Emissions, causing the health issues, where in the first place is the cancer
- Safety, causing the increased number of accidents with heavy injuries and fatalities
- Social and economic impact on the families causing road maintenance increased expenditures and lowering the family budgets
- Vehicle graves causing the pollution of the environment

Old vehicles

What we need to do

- Armenia needs to implement the Agreement concerning the Adoption of Uniform Technical Prescriptions for Wheeled Vehicles, Equipment and Parts which can be fitted and/or be used on Wheeled Vehicles and, the Conditions for Reciprocal Recognition of Approvals Granted on the Basis of These Prescriptions, 1958
 - To have definite Action Plan
 - Legislative changes

Political will

Strategy

Action plan

Intersectoral coordination

THANK YOU
