

**Task Force
on Electro-Magnetic Compatibility
(TF-EMC)**

**Status report to GRE-82
October 2019**

TF-EMC Status Report

- TF-EMC had its 19th meeting on Thursday, 26th of September 2019.
- TF-EMC will report on the work on R116 EMC annexes, asked by GRSG as informal documents
 - **GRSG/2019/12** – (GRE TF EMC) Proposal for EMC annex to R116 immobilizer
 - **GRSG/2019/13** – (GRE TF EMC) Proposal for EMC annex to R116 Devices on unauthorized use
 - **GRSG/2019/14** – (GRE TF EMC) Proposal for EMC annex to R116 VAS
- TF-EMC delivered these proposals to GRSG.
- GRSG decided to combine those documents with the 3 formal proposals to produce 3 consolidated versions for GRSG 118th session in April 2020.
- TF-EMC will present and explain the document No. **2019/27 - (Netherlands) Proposal for amendments to UN Regulation No. 10** with the aim to improve paragraph 3.1.8. by an addition

TF-EMC Status Report

Status of the work

- The UN R10.06 was excepted by WP.29 and published at October, 15th 2019
- In TF-EMC the development of R10 is continued. Topics, which couldn't be finalized for R10.06 are under further development
- New items delivered by Contrating Partiess are under discussion – probably will be asked to amend the R10.06 in 2020.
- 24 modification proposals are under discussion
- Priority of the work on R116
