

OICA Message on FE Workshop

**FE Workshop, 79th GRPE, Geneva
22 May 2019**

First Workshop

- First Workshop organized during the last GRPE kicked-off HD FE Harmonization: OICA would like to express gratitude for participation from various stakeholders.
- Latest information on regulations and measurement methodologies was provided from/shared among EC, China, Korea, Japan and ICCT in this Workshop, followed by views/opinions exchanges on the harmonization.
- GRPE main meeting concluded that OICA organize next Workshop during GRPE in January 2020 to further promote our activities on harmonization.

Next Workshop

- While each government is implementing and/or upgrading FE regulation, OICA recognize that the acceleration of harmonize with the coordination among each government is required. Therefore OICA is pleased to make our effort to organize effective Workshop.
- OICA would like to request all stakeholder's active participation in the next Workshop where constructive discussion for harmonization is expected.
