Miscellaneous proposals

Chapter 7.2 – Provisions concerning carriage in packages

Transmitted by the Government of Spain*

Summary

Executive summary:	Clarification of special provision V6 concerning carriage in packages
Action to be taken:	Deletion of special provision V6

Introduction

1. ADR Chapter 7.2 addresses carriage in packages and according to paragraph 7.2.4, when a special provision is shown under an entry in Column (16) of Table A of Chapter 3.2, that special provision is applicable.
2. Special provision V6 in ADR 7.2.4 is worded as follows: “Flexible IBCs shall be carried in closed vehicles or in closed containers, in sheeted vehicles or in sheeted containers. The sheet shall be of an impermeable and non-combustible material.”
3. Beginning with ADR 2003, special provision V6 was assigned to UN Nos. 1442, 2427, 3211 and 3213.
4. Beginning with ADR 2007, this special provision no longer referred to these UN numbers, but the text of the special provision remained in Chapter 7.2.
5. In RID 2007, special provision V6 was deleted and replaced with the mention “(Reserved)”.

* 2020 (A/74/6 (Sect. 20) and Supplementary, Subprogramme 2).

6. Based on the above, it appears that an error has remained in the text since 2007 and that special provision V6 can be deleted.

Proposal

7. Replace special provision V6 so that it reads as follows:

“(Deleted)”.

Justification

8. This amendment makes it possible to update the text of special provision V6.
