Economic Commission for Europe

Inland Transport Committee

Working Party on Inland Water Transport

Sixty-fourth session

Geneva, 7–9 October 2020

Item 7 (d) of the provisional agenda

Standardization of technical and safety requirements in inland navigation:

Prevention of pollution of inland waterways by vessels (resolution No. 21, revised)

Revision of the list of reception facilities for transfer of waste from vessels

Transmitted by the Government of the Russian Federation

Mandate

1. This document is submitted in line with the programme of work of the Transport subprogramme for 2020 (ECE/TRANS/2020/21, chapter IV, table, section A, para. 11) adopted by the Inland Transport Committee at its eighty-second session (25–28 February 2020) (ECE/TRANS/294, para. 136).
2. At its sixty-third session, the Working Party on Inland Water Transport (SC.3) decided to further update the addendum to resolution No. 21, “Reception facilities for the transfer of waste generated on board ships on European inland waterways”, and invited the ECE member States to transmit updated information on reception facilities to the secretariat for its next session, if they had not already done so (ECE/TRANS/SC.3/WP.3/112, paras. 56–58).
3. The annex to this document contains updated information on the reception facilities for the transfer of waste generated on board ships on European inland waterways, transmitted to the secretariat by the Government of the Russian Federation.
