**Economic Commission for Europe****Inland Transport Committee****Working Party on Inland Water Transport****Working Party on the Standardization of Technical  
and Safety Requirements in Inland Navigation****Fifty-seventh session**

Geneva, 24–26 June 2020

Item 4 (c) of the provisional agenda

**Standardization of technical and safety requirements in inland navigation:****Prevention of pollution of inland waterways by vessels (resolution No. 21, revised)****Revision of the list of reception facilities for transfer of waste  
from vessels****Transmitted by the Governments of the Republic of Moldova and  
Ukraine\*****Mandate**

1. This document is submitted in line with the programme of work of the Transport subprogramme for 2020 (ECE/TRANS/2020/21, chapter IV, table, section A, para. 11) adopted by the Inland Transport Committee at its eighty-second session (25–28 February 2020) (ECE/TRANS/294, para. 136).
2. At its sixty-third session, the Working Party on Inland Water Transport (SC.3) decided to further update the addendum to resolution No. 21, “Reception facilities for the transfer of waste generated on board ships on European inland waterways”, and invited the ECE member States to transmit updated information on reception facilities to the secretariat for its next session, if they had not already done so (ECE/TRANS/SC.3/WP.3/112, paras. 56–58).
3. The annex to this document contains updated information on the reception facilities for the transfer of waste generated on board ships on European inland waterways, transmitted to the secretariat by the Governments of the Republic of Moldova and Ukraine.

---

\* The present document was submitted after the deadline because of the need to take into account consultations with member States.

## Annex

## List of reception facilities for transfer of waste from vessels

<i>Waterway/place or range where reception facility is available</i>	<i>Name of approved reception facility, contact address, tel., fax and email</i>	<i>Type of waste which can be disposed of</i>	<i>Volume of facility</i>	<i>Distance between adjacent facilities</i>	<i>Note</i>
<b>REPUBLIC OF MOLDOVA</b>					
Bender Dnister, 228.0 km	Onshore containers	Household refuse	No information available	No information available	
Rîbnița Dnister, 432 km	Onshore containers	Household refuse	No information available	No information available	
Ungheni Prut, 405 km	Onshore containers	Household refuse	No information available	No information available
