 - Input of GRE is pending and needs to be evaluated by WP.29
 - Using UI and keep installation marking and information on the part,
 - Using UI only for the approval marking and providing open access to the communication document, which would also contain the necessary installation marking.

State of play – Developments – open issues

- Implementation of an automated mass-upload function
 - via Web-Service (financing open)
- DETA system security under discussion
 - Authentication for access

Questions to WP.29

WP.29 is requested to consider the endorsement of

- **Document WP.29-182-07** (Guidelines for the use of DETA with regard to the exchange of information on Cyber Security)
- **Access rights of CPs – Shall the MSA get read access?**

The IWG agreed:

- with the read access for Market Surveillance Authorities (MSA), provided confidentiality, security, limited to the regulatory purpose,
- that the CPs should control the access rights and observe confidentiality in order to protect commercial secrets.
