II. Justification

This proposal clarifies the text of Informal Document GRSG-118-03e by Spain with respect to the following issues:

- The title is modified as the proposal should be implemented as a new series of amendments as it contains new or modified requirements
 - In 3.11.3.1.1. The word “elevator” is substituted by “Lift” for clarification
 - In 3.11.4.1.1. the words “or completely disconnected from the vehicle” are added to cover the case that a ramp is used that is only connected to the vehicle during boarding and alighting of a person with reduced mobility and that will be e.g. stowed in the luggage compartment
 - New paragraphs 10.25 – 10.28 are added with new transitional provisions for the 09 series of amendments
