

Proposal Supplement 19 to the 04 series of amendments to UN Regulation No. 44 (Child restraint systems)

Submitted by the expert from France *

The text reproduced below was prepared by the experts from France. It proposes a supplement to UN Regulation No. 44 to correct a date in the transitional provisions. The modifications to the current text of UN Regulation No. 44 are marked in bold for new characters and strikethrough for deleted characters.

I. Proposal

Amend paragraph 17.21., to read:

" 17.21. As from 1 September ~~2023~~**2022**, no extensions shall be granted under this Regulation to child restraint systems other than Group 3.

II. Justification

Extension can be granted to CRS of group 2/3 and group 2 until 1 September 2023 according to paragraph 17.19. But according to paragraph 17.21, no extensions shall be granted under the Regulation 44 to child restraint systems other than Group 3. In order to align these paragraphs and avoid any misinterpretation, the date of the paragraph 17.21 should be amended to 1 September 2023.

* In accordance with the programme of work of the Inland Transport Committee for 2018–2019 (ECE/TRANS/274, para. 123 and ECE/TRANS/2018/21/Add.1, Cluster 3.1), the World Forum will develop, harmonize and update UN regulations to enhance the performance of vehicles. The present document is submitted in conformity with that mandate.
