Transport of Dangerous Goods
(Geneva, 7-16 December 1998)

DRAFT AMENDMENT TO THE MODEL REGULATIONS

Classification of air bag inflators or air bag modules
or seat belt pretensioners

Transmitted by the experts from Sweden

1. Introduction

At the 15th session at the Sub-Committee the document ST/SG/AC.10/C.3/1998/18 was discussed and adopted. In this proposal a new UN number for AIR BAG INFLATORS, pyrotechnic; AIR BAG MODULES, pyrotechnic; SEAT-BELT PRETENSIONERS, pyrotechnic in division 1.4G was adopted.

2. Justification

To be consistent with the earlier discussion and adoption of UN number 3268 and UN number 3533 in division 1.4G Sweden proposes a new UN number for AIR BAG INFLATORS, pyrotechnic; AIR BAG MODULES, pyrotechnic; SEAT-BELT PRETENSIONERS, pyrotechnic in division 1.4S.

3. Proposals

- (a) Based on the arguments given above, it is proposed to introduce in chapter 3.2 of the Recommendations a new UN number:

(1)	(2)	(3)	(4)	(5)	(6)	(7)	(8)	(9)	(10)	(11)
05XX	AIR BAG INFLATORS, pyrotechnic, AIR BAG MODULES, pyrotechnic or SEAT-BELT PRETENSIONERS, pyrotechnic	1.4S			287	NONE	135			

- (b) If adopted, the following consequential amendments will have to be made:

In “ALPHABETICAL INDEX OF SUBSTANCES AND ARTICLES”, at the names

AIR BAG INFLATORS, pyrotechnic;
AIR BAG MODULES, pyrotechnic;
SEAT-BELT PRETENSIONERS, pyrotechnic
