FORESTS

Forest Landscape Restoration

FORESTS

- ✓ **Georgia supports natural regeneration**
 - In the context of Forest Landscape Restoration Georgia is actively participating in
 - Different formats of tackling the forest degradation processes such as:
 - ***Bonn Challenge***
 - ***NDC(Nationally Determined Contribution).***
 - In the span of 2013-2019 Georgia put active efforts to restore burned forest areas in Borjomi. As a result 266 ha of forest was restored which previously was destroyed by wildfire.

A man with a beard, wearing an orange long-sleeved shirt and a black backpack, stands on a rocky ledge with large green ferns in the foreground. He is looking towards a large, layered rock cliff face covered in green vegetation. The scene is outdoors under a clear sky. A white jagged graphic element separates the left and right halves of the image.

THANK YOU
