5. optično variabilno črnilo (iridescent color); optically variable ink (iridescent color);

6. ultravijolične fluorescentne barve, vidne in prozorne; ultraviolet fluorescent inks, visible and transparent;

**SECURITY FEATURES of ADR driver training certificate:**

Republika Slovenija je januarja 2013 v skladu z Evropskim sporazumom o mednarodnem cestnem prevozu nevarnega blaga (ADR) začela izdajati ADR certifikate o usposobljenosti voznika za prevoz nevarnega blaga na novih obrazcih. Novi obrazci ADR certifikatov so izdelani iz polikarbonata in so v skladu z mednarodnim standardom ISO 7810. V skladu z ADR novi obrazci vsebujejo ustrezne zaščitne elemente, ki zagotavljajo visoko raven zaščite pred ponarejanjem in prenejanjem.

In January 2013, the Republic of Slovenia begins issuing ADR vocational training certificates for drivers of vehicles carrying dangerous goods on new forms in accordance with the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR). The new ADR certificate forms are made of polycarbonate and are compliance with ISO 7810 international standard. In accordance with the ADR, the new forms include suitable protective elements which ensure high level of security against forgery and manipulation.

Obrazec ADR certifikata vsebuje podatke, ki so določeni v Evropskem sporazumu o mednarodnem cestnem prevozu nevarnega blaga (ADR). Na novem obrazcu ADR certifikata je fotografija voznika, ki zagotavlja nedvoumno identifikacijo posameznika.

The ADR certificate form includes data determined by the European Agreement concerning the International Carriage of Dangerous Goods by Road (ADR). The new ADR certificate form includes a photograph of the driver which ensures unquestionable identification of an individual.

Na sprednji strani ADR certifikata je pri točki 8 navedena veljavnost certifikata, ki ne more biti daljša od šestih let. Na hrbtni strani so navedeni podatki o veljavnosti ADR certifikata za prevoz določenih razredov nevarnega blaga v cisternah in v drugih vozilih.

The validity of the certificate, which should not exceed six years, is provided on the front side of the ADR certificate under Point 8. The data on the validity of the ADR certificate for carriage of certain classes of dangerous goods in tank-vehicles and other vehicles are provided on the back side.

Nov ADR certifikat se v Republiki Sloveniji lahko uporablja tudi kot dokument za izkazovanje istovetnosti imetnika certifikata.

In the Republic of Slovenia, the new ADR certificate can be used as a document for identification of the holder of the certificate.
