Subject: Decision VI/8i Slovakia - update

Dear Ms. Marshall,

first of all, let me wish you all the best in 2021.

I would like to inform you that a legislative process has been initiated to remove the reference to the postal and telecommunication secrets from the provisions of the Atomic Act, as requested by the Committee in its Second Progress Review.

As discussed before, I will keep you posted about further developments. At the moment, the proposal is open to comments from the public and other bodies of state administration in line with the rules of our legislative procedure.

Best wishes

Marek Prityi
