

REGIONAL FORUM

ON SUSTAINABLE DEVELOPMENT FOR THE UNECE REGION

Geneva & online | 17-18 March 2021

Sustainable and resilient recovery from the COVID-19 pandemic and action and delivery on the 2030 Agenda for Sustainable Development in the UNECE Region

SIDE-EVENT

ESD AS A KEY DRIVER FOR YOUTH EMPOWERMENT FOR CONFRONTING SOCIO-ECONOMIC IMPACT OF COVID-19

10 March 2021

12:15 - 13:45 (CET)

Organizer: UNECE Steering Committee on ESD

NOTE ABOUT THE SIDE-EVENT

The coronavirus disease (COVID-19) pandemic has had an impact on every aspect of our lives. In this era of uncertainty, the impact of the pandemic on young people could prove to be one of its most damaging legacies. However, this could be the right moment for youth to take the lead in creating more sustainable and resilient societies by delivering the 2030 Agenda for Sustainable Development. Education is a prerequisite for youth empowerment, serving as the key driver for providing young people with the competences, tools and processes that will enable them to be the main actors in the creation of prosperous, just and sustainable societies in which no one is left behind. UNECE Steering Committee on Education for Sustainable Development (ESD), as the mechanism for integrating ESD in the region, is organizing this side-event as a platform of communication and interaction amongst the stakeholders for exchanging ideas and enhancing the dialogue on ESD and Youth.

BACKGROUND

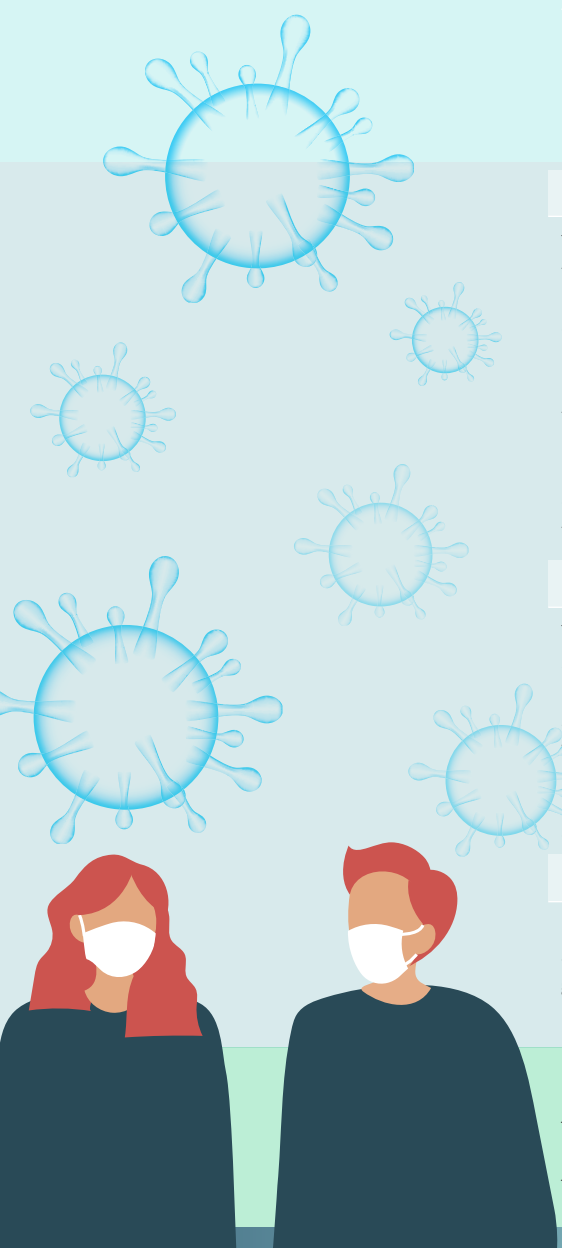

This side event is focused on the role of ESD in empowering youth to participate in mitigating the socio-economic impact of COVID-19, as well as engaging youth in actions for creating more resilient societies in UNECE Region. It gives the emphasis to the future framework of UNECE Strategy for ESD and participation of youth in the policy and decision making. It aspires to give a voice to youth representatives of UNECE Steering Committee on ESD to share, discuss and reflect, with other stakeholders, on issues related to education, sustainable development and the role of youth as pillars for the pandemic recovery and intrinsic components for confronting challenges in the post-COVID-19 era.

OUTCOME

Bring together youth representatives from UNECE Member States, governments, regional and international organizations and civil society to share knowledge and exchange ideas and good practices on how to accelerate ESD for empowering youth for confronting and mitigating the socio-economic impacts of COVID-19.

Participants: Representatives of government entities, relevant UN entities, the international and regional Organizations, non-governmental organizations and other civil society organizations of the UNECE Region.

Note for attention: Those participants who wish to attend our online side-event should register at the following link: <https://indico.un.org/event/34866/> (before 5 March 2021).
