

Francesca Accerbi

Sustainability Consultant, Orkla Group (Norway)

Francesca is 26 years old and based in Norway. She holds a double Master's degree in Strategy and Management and CEMS Master in International Management from the Norwegian School of Economics, and has specialised in corporate sustainability throughout her studies. Francesca currently works as Sustainability Consultant in the Consumer Goods Group Orkla, where she is also responsible for sustainability within IT. Francesca is one of the Orkla innovators taking part in the Young SDGs Innovators Program 2021, where she hopes to contribute to the acceleration of innovation for the SDGs that are closer to the company's business model.
