

**NATURE-BASED TOURISM**

**and THE REGIONAL STRATEGY**

**FOR A DECARBONIZED ECONOMY**

Costa Rican Government: Regional Strategy for an Inclusive and Decarbonized Economy 2022-2050 => Post COVID-19 recovery.

Account under development: nature-based tourism.

Main source of information: tourist expenditure survey.

Study: proximity of hotels to protected wild areas of Costa Rica.

Hotel geospatial location and tourists traceability (main routes).

# Challenges

A person wearing a patterned bucket hat, a black long-sleeved shirt, khaki shorts, and a bright orange backpack is standing on a wooden walkway with a rustic wooden railing. They are looking towards a large waterfall cascading down a rocky cliff in a lush, green forest. The scene is captured from behind the person, emphasizing the natural beauty of the environment.
