United Nations Economic Commission for Europe Steering Committee on Education for Sustainable Development

16th meeting, 10 and 11 May 2021

Information Paper 1

Proposed topics for reporting on progress in the implementation of the UNECE Strategy for Education for Sustainable Development

Item 2 (b) of the provisional agenda:
Implementation of the UNECE Strategy for Education
for Sustainable Development: Progress in implementing the Strategy

Prepared by the Secretariat

Note for your attention: This questionnaire is not a formal reporting, but an intermediate informal reporting exercise to report on the current situation in your country at the beginning of the period 2021-2030, particularly regarding new policy developments with regard to progress on SDGs and impact of COVID-19.

Some questions follow the updated format for reporting which is currently in progress of finalising and the four strands of work which were discussed during the recent meetings of the ECE Steering Committee on ESD. A formal format for reporting will be finalised as soon as the new concept note for strategic planning 2021-2030 is approved and the questionnaire/format for reporting is brought further in line with the UNESCO scheme for reporting.

1.   National reporting on the progress achieved in the implementation of the United Nations Economic Commission for Europe (ECE) Strategy for Education for Sustainable Development offers a valuable opportunity for countries to learn from each other and to share newly produced resources and materials within and beyond the ECE region.

2.   In preparation for the sixteenth meeting of the ECE Steering Committee on Education for Sustainable Development, countries are requested to fill in the questionnaire below, informing on progress made and challenges encountered in working on priority action areas after the fourth mandatory reporting cycle carried out in 2018 and since the fourteenth Steering Committee meeting (Geneva, 2 and 3 May 2019).

4.   Countries are kindly requested to submit this information in writing to the secretariat via e-mail (nona.iliukhina@un.org and esd@unece.org) by **25 April 2021.**

5.   The secretariat will review the information submitted and deliver a brief synthesis presentation at the Steering Committee's sixteenth meeting. The presentation will be followed by an interactive discussion.

6.   In the below questionnaire, particular attention is be paid to: (a) the priority action areas of the proposed newly drafted concept note for the post-2019 implementation framework (quality education and ESD; whole institution approach and ESD; digital education, information and communications technology and ESD; entrepreneurship, employability, innovation and ESD); (b) the impacts of the coronavirus disease (COVID-19) pandemic on ESD implementation.

7.   Countries will be invited to complement the secretariat's presentation with interventions on outstanding activities and initiatives implemented since the fourteenth Steering Committee meeting (Geneva, 2 and 3 May 2019), in particular with regard to how the implementation of national strategies for ESD contributes to the new developments and challenges for ESD in the region. Given the limited time available, countries will only have up to three minutes each for interventions from the floor.
