

Capacity-building and awareness-raising activities 2020-2021

Joint meeting of the EECCA CG and TFTEI workshop,

UNECE CLRTAP secretariat

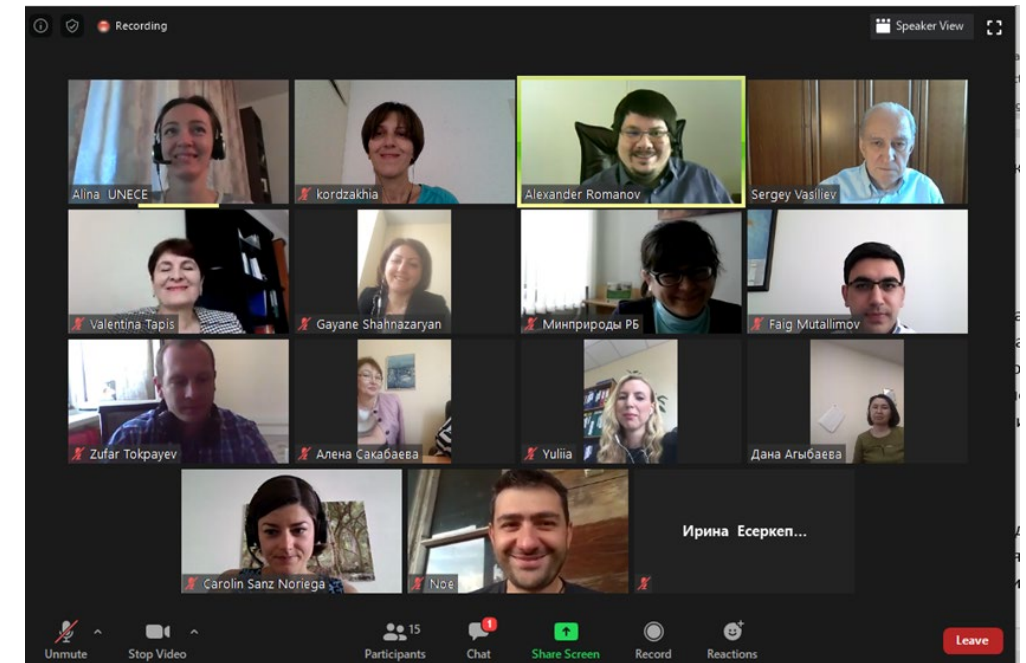

26-27 April 2021

ENVIRONMENT

- ❑ The EECCA Coordinating Group meeting on [27 May](#) and [16 October](#) in 2020
 - Progress in national AQM
 - Discussion on the review of GP
 - Further needs and assistance
- ❑ The joint EECCA CG & TFTEI workshop (26-27 April 2021)

Support in adjusting national legislation

ENVIRONMENT

Project: Assessment and enhancement of national capacity of Kazakhstan to ratify the Convention's key protocols and develop national action plan (NAP) for implementation

Implementation period: June 2020- July 2021

Project activities:

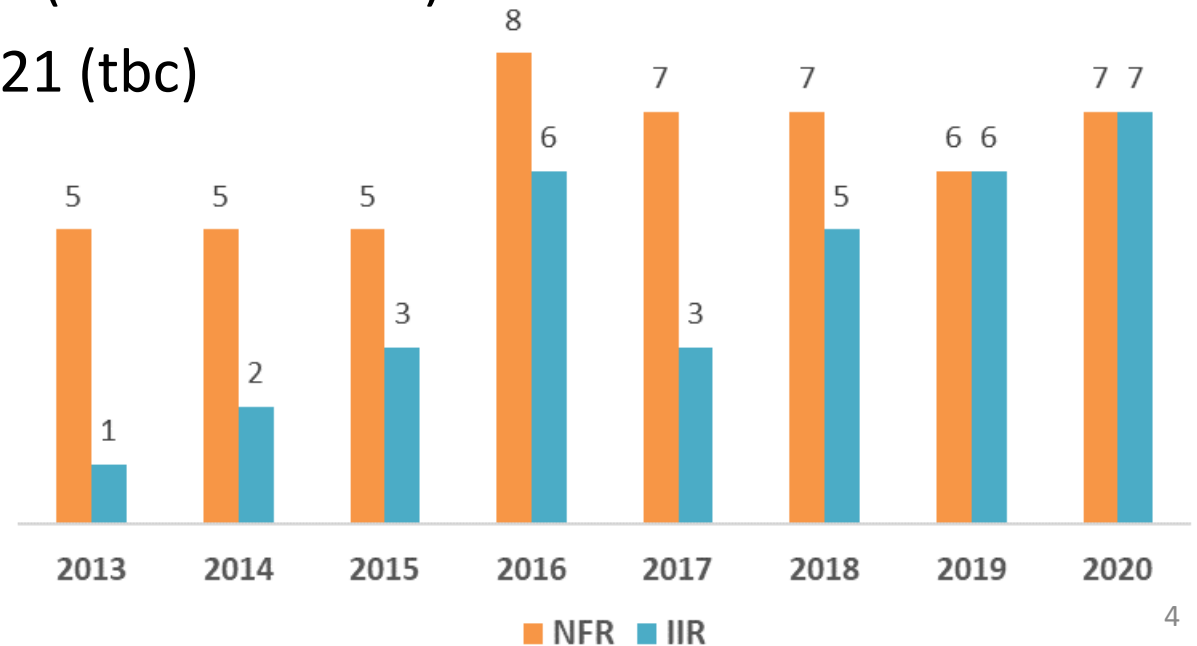

- analysis of gaps and identification of best scenarios for ratification of protocols
 - economic assessment of selected scenarios of ratification and implementation
 - development of a NAP for ratification and implementation of the protocols
-
- ❑ Interim workshop for national stakeholders on gap analysis ([11 November 2020](#))
 - ❑ High-level roundtable to present NAP (14 July 2021) (tbc)

Support in emission reporting

ENVIRONMENT

- ❑ Series of virtual and hybrid workshops on emission inventories:
 - ✓ the Republic of Moldova ([6 November](#) 2020) and ([16-18 March 2021](#))
 - ✓ Kyrgyzstan ([4 December](#)) and (25-28 May 2021)
 - ✓ Kazakhstan ([21 December](#)) and (1-4 June 2021)
 - ✓ Georgia week of 4 October 2021 (tbc)

Support in high quality road transport emission inventories

ENVIRONMENT

- ☐ Webinar on advanced methods for estimating road transport emissions (14-15 June 2021)
 - ✓ enhance understanding of Tier 2 and Tier 3 methods (COPERT model)
 - ✓ Identify challenges to the use of advanced methods
 - ✓ Determine advanced countries in developing emission inventories by COPERT.
- ☐ Face-to-face in-depth sub-regional training on COPERT for advanced EECCA and WB countries
 - ✓ Improve skills and capacities in developing high quality and accurate road transport emission inventories with COPERT

ENVIRONMENT

- ❑ Contribution to the official campaign for the First International Day of Clean Air for Blue Skies organized by UNEP and promotion by the Convention
 - Webinar: Clean Air For All – Lessons learnt from the UNECE Air Convention ([7 September 2020](#))
- ❑ Central Asia Regional Air Quality Management Workshop: Taking Action for Cleaner Air, at the invitation of US EPA ([10-20 August 2020](#)) (virtual)
- ❑ Continuous communication of Convention activities through news stories on web and social media

Online educational tool on Air Convention

ENVIRONMENT

Project: development of an e-learning starter course on Air Convention

Implementation period: mid 2021 – mid 2022

Methodology: self-paced online learning course with training certificates

- Module 1: The Air Convention
- Module 2: The EMEP Protocol
- Module 3: The Protocol on HM
- Module 4: The Protocol on POPs
- Module 5: The Gothenburg Protocol

iLearn

Learner

training Certificate

Better knowledge
Better Implementation
Better Air Quality

Thank you!
