# Why TIP?

## Easy access

Single point of access to the info related to international trade

**Enquiry points**  
Publication of enquiry points

## Harmonization of trade info

Among the various OGAs on process and procedures

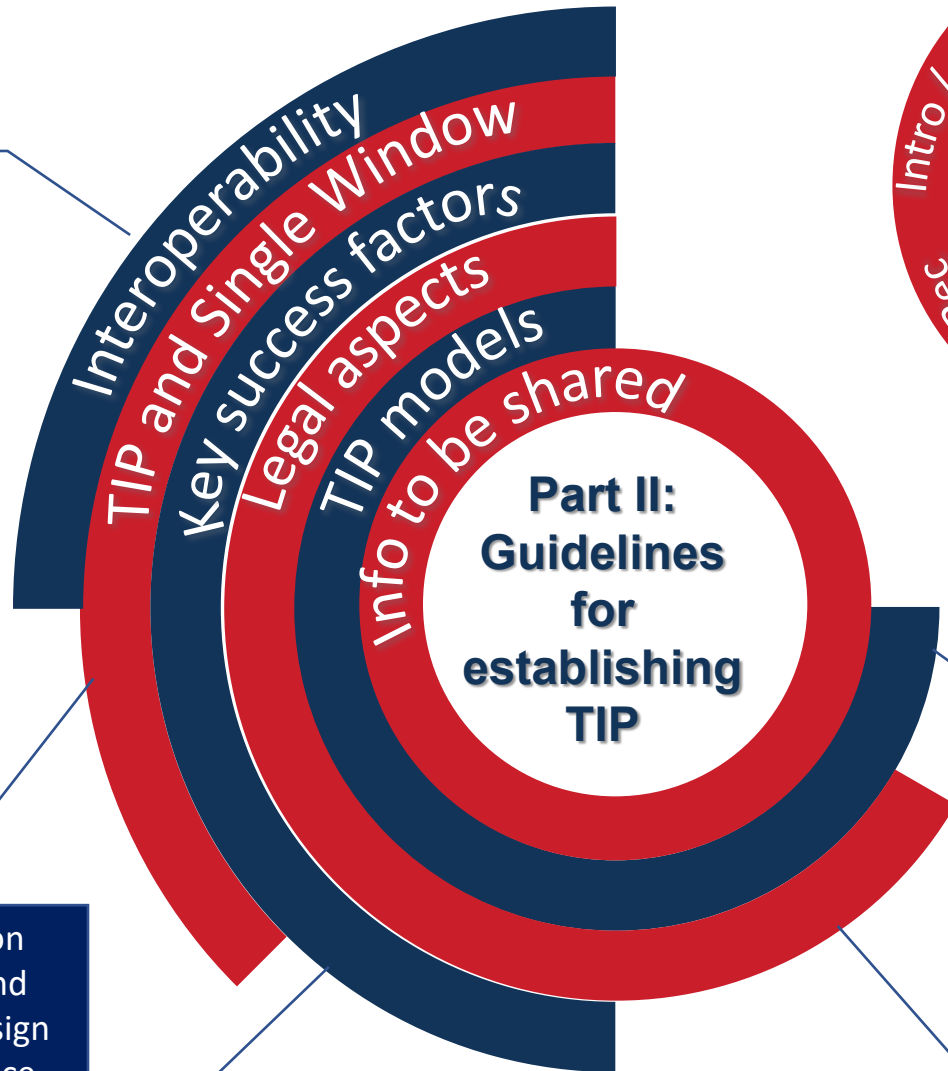

**International Treaties' obligations**  
Such as WTO FTA and SPS Agreement

# Overview of Rec38: TIP

Possible ways for interconnectivity with other system such as Customs tariff database, regional repositories, single window and etc.

TIP: Content based system for publication of trade related info  
SW: Transactional system that enable submission of regulatory documents for customs clearance

Strong Lead Agency, Collaboration between OGAs, completeness and accuracy of info, user-centric design and content, ongoing maintenance

Possible TIP models :

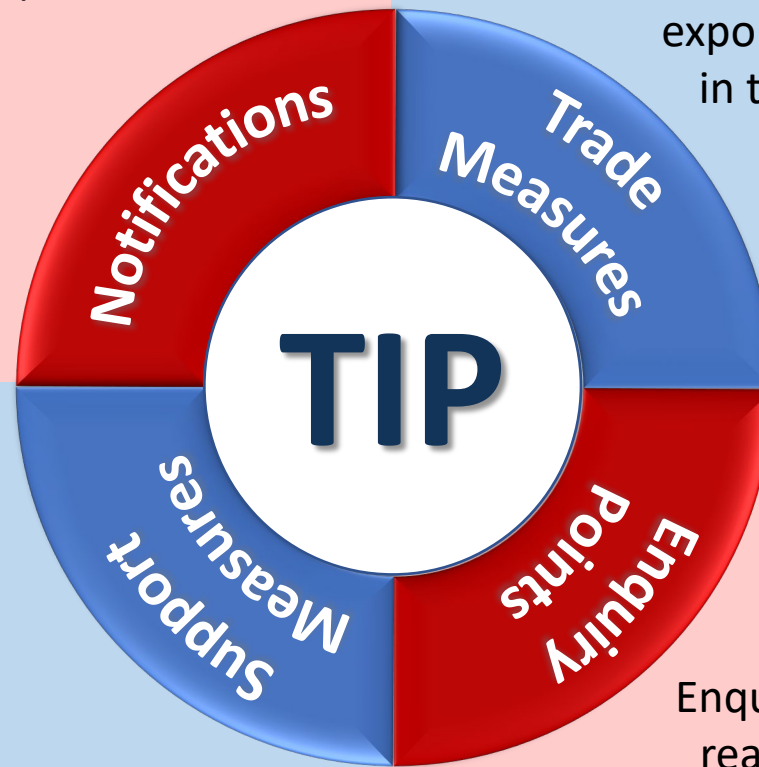

1. Centralized
2. Decentralized
3. Hybrid

Legal information to be published – laws, regulations, notifications and any other instruments

# COVID and TIP

Notifications for changes in trade policies and/or measure related to COVID-19

Change in control measure for import and export of critical supplies in the domestic market

Support measures in response to the COVID-19 pandemic

Enquiry Points to answer reasonable enquiries of governments traders and other interested parties
