Revenue Service

Industries
New initiatives and ongoing projects

- Accession to Common Transit Convention (CTC) and implementation of New Computerized Transit System (NCTS) - Easier and faster movement of goods through the implementation of the transit procedure with a single electronically submitted transit document and single transit guarantee from any departure point to any place of destination within the contracting parties to the Convention.

- Implementation of **eTIR**

- Development of a National Maritime Single Window

- Stratlink electronic licensing system for Dual Use items

- Digitalization of mandatory documents - Invoice and CMR
Thank You!
