**GIS and Cadastral Data - before and after pandemic.
Republic of Belarus**

*Maryna Litreyeva
Head of GIS - department*

National Cadastral Agency

state organization for real property registration and land management

COVID - 19 in Belarus (may 2021)

- *3,89% of population (365 000 – 9 400 000 under COVID-19, 1 219 cases per day, 10 deaths per day)*
- *have no quarantine (2020, 2021)*
- *the state borders of the Belarus are closed*
- *299 000 have got vaccine (1 step), 150 000 – are covered (2 steps)*

COVID-19 vs Cadaster/GIS

fact	GIS, cadastral (spatial) data
growing interest in real estate outside the city	- register of real property (land lots, protection zones, characteristics of property)
	- register of value (cadastral value, taxes)
	- price register (prices of real property)
	- address register (geodata of location)
popularity of interactive maps, incl. Street View	- Earth remote sensing data
	- register of streets (names, spatial data)
stay at home	- cadaster (E-services, remotely)

COVID-19

vs

Cadaster/GIS

fact	GIS, cadastral (spatial) data
medicine (equipment and personnel requirements)	- register of real property (buildings, flats, apartments)
	- register of population (location of lonely elderlies, quarantine, self-isolation, cases of COVID-19 on polyclinics and hospitals)
	- register of streets (ambulance movement)
	- public cadastral map (statistic: cases, geodata of location)
logistic, delivery	- address register (geodata)
	- address register (geodata)
postal items, increase	- register of streets (names, spatial data, networks)
	- postal codes on public cadastral map (zoning, geodata)

COVID-19

vs

Cadaster/GIS

fact	GIS, cadastral (spatial) data
lockdown	- register of administrative-territorial units (borders, names, official status)
	- public cadastral map (spatial data of districts, cities, villages, names)
	- address register (geodata)
ecology, climate before and after COVID-19	- public cadastral map
	- cadasters of natural resources (atmospheric air, pollutions, soils, etc.)
	- postal codes on public cadastral map (zoning, geodata)
SDI, media	- cadasters, public cadastral map, statistic, analytics
