Committee on Innovation, Competitiveness and Public-Private Partnerships

Fourteenth session

Geneva, 2-4 June 2021

Item 4 of the provisional agenda

Implementation of the programme of work

Inter-sessional Implementation Plan for 2020-2021

Note by the Secretariat*

I. Introduction

1. The present document is based on the programme of work of the Committee for 2020 (ECE/CECI/2019/10). It provides additional information on the activities planned and proposed for the period between the thirteenth and fourteenth sessions of the Committee. To facilitate discussion, this document presents activities grouped by the main thematic areas covered by the Committee, i.e. Innovation and Competitiveness, and Public-Private Partnerships.

2. The plans and proposals reflect demand expressed by member States as well as the resources available to the Secretariat at the time of writing. Delegates are invited to bring additional proposals and requests to the session.

3. The inter-sessional implementation plan was adopted by silence procedure on 10 August 2020 in accordance with the decision of the ECE Executive Committee to authorise the Committee on Innovation, Competitiveness and Public-Private Partnerships, to take business-critical decisions by silence procedure (Informal document No. 2020/20 and ECE/EX/2020/L.14).

II. Innovation and Competitiveness Policies

Events

* The fourteenth session had originally been scheduled for 26-28 March 2020. It was postponed due to COVID-19-related restrictions.

4. The thirteenth session of the Team of Specialists on Innovation and Competitiveness Policies will be held in Geneva on 27-28 October 2020. As part of the session, an international policy conference will provide an opportunity for experts from across the ECE region to exchange experiences on innovation policy. The bureau of the Team will decide on the specific topic in consultation with the Team members. The thirteenth session will decide on the date for the fourteenth session to be held in 2021.

5. The 2020 session of the Working Group on Knowledge-Based Development of the UN Special Programme for the Economies of Central Asia (SPECA) will be organised together with UNESCAP. A policy conference will be organised back-to-back with the session.

National Innovation for Sustainable Development Reviews

6. The national Innovation for Sustainable Development Review (henceforth referred to as I4SDR) of Georgia will be finalised in cooperation with the Government based on the results of the peer review, and will be launched in Georgia. The fact finding and research for a new review of the Republic of Moldova will be carried out in close cooperation with the Government. Reviews of Armenia and Uzbekistan will be initiated in 2021.

Innovation Policy Outlook

7. The pilot sub-regional Innovation Policy Outlook will be finalised in close cooperation with participating Governments. It will be launched in the fourth quarter of 2020.

Innovation Policy Principles and Strategy

8. A task force convened by the Team of Specialists on Innovation and Competitiveness Policies will initiate work on draft high-level policy principles on selected aspects of innovation for sustainable development. A broad multi-stakeholder consultation process will be initiated.

Capacity building

9. In line with the agreement with the Government of Belarus on capacity building to support reforms in line with the recommendations of the I4SDR, a final event will present and discuss the results of the task force formed to develop a roadmap for piloting a public-private venture capital mechanism for innovative projects in Belarus, in co-operation with the State Committee on Science and Technology.

10. An agreement of similar scope will be developed with the Government of Georgia for a duration of two years, with two initial events planned for 2020 and the first quarter of 2021.

11. A follow-up sub-regional event on policies for innovative, high-growth enterprises will be organised in the fall of 2020, or in the first quarter of 2021 depending on travel restrictions, in co-operation with the Organisation for Economic Co-operation and Development (OECD). ECE, in co-operation with OECD, will develop a policy handbook on the topic, to be published in Russian and English.

12. Following up on the study tour to the Russian Federation on technology parks and incubators in October 2019, and building on additional expert work on the topic, ECE will develop a policy handbook on incubators for the SPECA countries, to be published in Russian and English.

13. To support the implementation of the SPECA strategy on innovation for sustainable development, ECE and ESCAP will develop an initial gap analysis covering SPECA countries. The results will be discussed at a sub-regional event in 2020.

14. A sub-regional training seminar on selected aspects of innovation policy will be organized jointly with UNCTAD and other interested UN agencies in the framework of the

Inter-Agency Task Team on Science, Technology and Innovation for Sustainable Development in Serbia.

Other activities

15. A significant substantive contribution will be made to a publication on ECE's Smart Sustainable Cities nexus.

III. Public-Private Partnerships
