

OICA Contribution to IWVTA Discussion

GRPE 83rd session
June 2021

① Inclusion of R-154 and R-RDE in R0 Candidate List

- OICA respects the decision by GRPE from its 82nd meeting
- However, as IWG IWVTA delayed the decision whether to honour the GRPE request to its next meeting (June 16th), OICA would like to confirm to GRPE that its members would favour the inclusion of UN-R 154 (and R RDE when adopted) as candidates for inclusion in R0
