

**Committee of Experts on the Transport of Dangerous Goods  
and on the Globally Harmonized System of Classification  
and Labelling of Chemicals**

3 June 2021

**Sub-Committee of Experts on the Transport of Dangerous Goods**

**Fifty-eighth session**

Geneva, 28 June-2 July 2021

Item 3 of the provisional agenda

**Listing, classification and packing**

**Proposal to create UN Numbers for pyrophoric gases and  
add criteria for pyrophoric gases in Division 2.1**

**Transmitted by the Compressed Gases Association (CGA) and  
European Industrial Gases Association (EIGA)**

**Introduction**

1. CGA and EIGA submitted document ST/SG/AC.10/C.3/2021/31 for consideration by the Sub-Committee at its June session.
  2. Since the submission of that document comments have been received from both industry and others identifying a number of areas that could need further consideration and clarification.
  3. As a consequence, CGA and EIGA are withdrawing ST/SG/AC.10/C.3/2021/31, but invite delegates to provide comments on the proposal directly to CGA and EIGA.
  4. CGA and EIGA will submit a revised document at a future session.
