Subject: RE: ACCC/C/2015/133 (Netherlands) - questions from the Committee to the parties

Dear Ms. Marshall,

With reference to the message below, I would like to inform you that it has been brought to our attention that the English text of the Netherlands' 2010 national renewable energy action plan (NREAP) is in fact already available. However, we would still need an extension of the time limit to address the remaining points in the Committee's letter.

Therefore, please find a revised version of our letter attached which I hope you will be able to bring to the attention of the Committee.

With kind regards,
Noortje
