Side event

ACCELERATING THE DEVELOPMENT OF BANKABLE PROJECTS FOR CLIMATE CHANGE ADAPTATION IN TRANSBOUNDARY BASINS

Tuesday, 28 September 2021 | 16.00 – 17.30
(English-French-Spanish)

Societies are affected by climate change via the water cycle through droughts, floods and desertification. This side event highlights that transboundary cooperation delivers on adaptation and presents how transboundary basin organizations and donors accelerate the incubation, financing and implementation of projects of adaptation to climate change.
