Administrative Committee for the TIR Convention, 1975

Seventy-sixth session

Geneva, 13–14 October 2021

Item 3 (a) (i) of the provisional agenda

Activities and administration of the TIR Executive Board:

Activities of the TIR Executive Board:

Report by the Chair of the TIR Executive Board

Prices of TIR Carnets

Note by the secretariat

I. Background

1. Since the entry into force, on 1 January 2012, of the amendments to Annex 9, Part I of the TIR Convention, 1975, one of the obligations of national associations is to provide the TIR Executive Board (TIRExB), annually, before 1 March, with the price of each type of TIR Carnet it issues.

II. Information received

2. In 2012, the secretariat received information from 10 associations. In 2013, 2014, 2015, 2016, 2017, 2018, 2019 and 2020, 48, 49, 50, 51, 48, 50 and 50 associations, respectively, provided TIRExB with data on the prices of each type of TIR Carnets they issue.

3. To date, 41 associations have provided TIRExB with the 2021 prices.

4. The prices received for 2012, 2013, 2014, 2015, 2016, 2017, 2018, 2019, 2020 and 2021, converted to United States dollars (USD)¹, are presented in Annexes I, II, III, IV, V, VI; VII, VIII, IX and X.

III. Analysis

A. Background

5. At its sixty-third session, the Administrative Committee of the TIR Convention, 1975 (AC.2) considered the preliminary analysis of the 2015 TIR Carnet prices, as contained in Annex V of document ECE/TRANS/WP.30/AC.2/2016/2. It was of the view that the analysis provides useful information in fulfilment of the mandate of TIRExB to monitor TIR Carnet

¹ Exchange rates: <http://treasury.un.org/operationalrates/OperationalRates.aspx>

prices and should be repeated annually and reported to the Committee whenever significant changes in TIR Carnet prices are identified.

6. At its eighty-eighth session (April 2021), the Board agreed with the proposal by the secretariat to revise the analysis of the TIR Carnet prices, as it had been undertaken for a number of years, in line with the methodology described in document ECE/TRANS/WP.30/AC.2/2016/2, as long as it would remain transparent and the new methodology included in Annex.

B. Scope and methodology

7. Taking into account that, in 2021, only two types of TIR Carnet have been distributed and most association only issue these two types of TIR Carnet, the scope of this analysis is limited to the 6 and 14 voucher TIR Carnet, issued to members/national transporters and non-members/foreign transporters (when data is available).

8. For countries having more than one association, a price average is used.

C. Disclaimer about maps

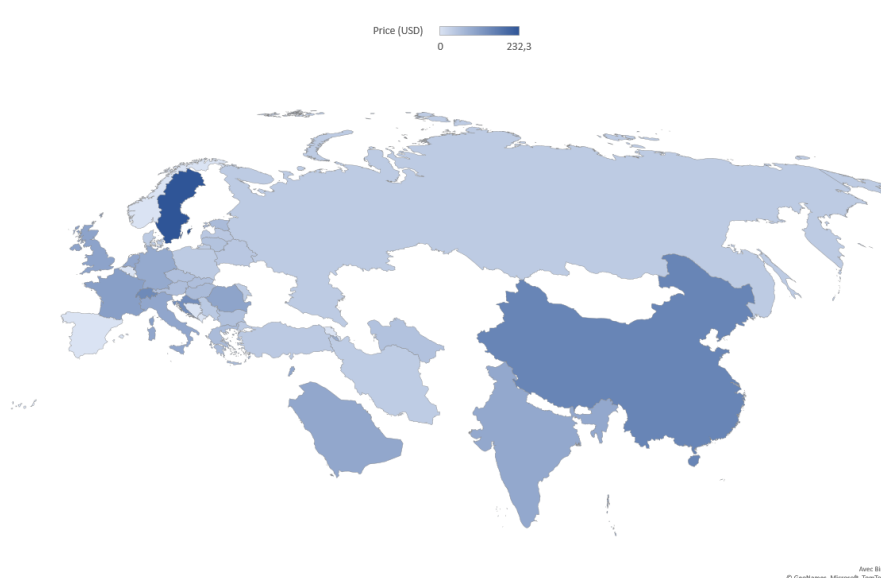

9. The designations employed and the presentation of material on the maps used in this analysis do not imply the expression of any opinion whatsoever on the part of the secretariat of the United Nations concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

Figure VIII
Variation of the prices of the 14 voucher TIR Carnet (Non-member/ Foreign) (2013–2021)

18. From 2013 to 2021, the price of the 14 voucher TIR Carnet, issued to non-member/foreign transporters, has decreased in the majority countries where data is available for both years. However, the price has increased in Belarus, Belgium, Croatia, Italy, Russian Federation, Spain, Switzerland, Turkey and Turkmenistan.

3. Correlations

19. This section looks at the correlation between the variation of the prices of 6 and 14 voucher TIR Carnets, issued to members/national transporters and non-members/foreign

transporters, and the variation of the Gross Domestic Product (GDP) per capita² from 2013 to 2021 (when data is available).

	<i>6 voucher M</i>	<i>6 voucher NM</i>	<i>14 voucher M</i>	<i>14 voucher NM</i>
Correlation	-0,641419575	0,108944769	-0,215787728	-0,127527357

20. There is no positive correlation between the variation of the prices and the variation of the GDP per capita, as could be expected.

IV. Disclaimer

21. The prices charged by the various issuing associations are not always comparable. Some associations report prices including taxes (e.g. VAT) and fees (e.g. insurance fees) while others do not include some or all of these taxes and fees in the prices they report. Furthermore, national practices, such as the obligation to deposit an amount of money with the association or the payment of annual membership fees, also have an influence on the prices charged for TIR Carnets.

V. Survey on TIR Carnet prices

22. At the request of TIRExB at its seventy-ninth session (TIRExB/REP/2018/79final, para. 40), the secretariat circulated a new survey on TIR Carnet prices for the year 2019 (as contained in TIRExB Informal document No. 23 (2018)). The new survey clearly requests issuing associations to report the prices including all taxes and fees. The 2020 and 2021 surveys remained identical. Most issuing associations used the survey to provide their TIR Carnet prices.

VI. Considerations by the Committee

23. In view of the above, the committee may wish to take note of the prices presented in Annexes I, II, III, IV, V, VI, VII, VIII, IX and X as well as the analysis of the 2021 TIR Carnet prices.

² Data from International Monetary Fund, World Economic Outlook Database, April 2021. Data set: Gross domestic product per capita, constant prices (Units: Purchasing power parity; 2017 international dollar)
