## Gender Statistics web-portal:

- *multipurpose tool for promoting and disseminating information about the **progress towards gender equality** in the Republic of Belarus;*
- *provides up-to-date official statistical information and administrative data on **gender-related issues**;*
- *open information resource for all categories of users concerned with **gender equality issues**.*

## Tasks solved:

- ✓ creating a **disaggregated** electronic **database** with a large list of gender statistics indicators;
- ✓ facilitating easy access to data (**a single source**);
- ✓ providing official statistical information with **analysis and visualization** capabilities;
- ✓ increasing public **awareness, knowledge and interest** in achieving gender parity in different spheres of life;
- ✓ provision of an information resource to ensure timely **monitoring of the gender equality situation**, as well as to **monitor the progress** of the Republic of Belarus in achieving the Sustainable Development Goals from a gender perspective

The screenshot shows the homepage of the Gender Statistics portal. At the top, there is a header with the logo, the text "Gender Statistics" and "National Statistical Committee of the Republic of Belarus", and a language selector menu with options for "РУС", "БЕЛ", and "ENG". Below the header is a navigation bar with links for "GENDER STATISTICS", "NEWS", "USEFUL LINKS", and "ABOUT PORTAL". The main content area features a large "Gender Statistics" title and a subtitle: "The main tool for monitoring progress in ensuring gender equality is gender statistics." Below this, there is a central graphic with an equals sign and a woman's portrait, surrounded by various topic categories: Demography, Health Care, Education, Employment and the Economy, Welfare, Crime and violence, Communication means, and Public life and decision making. A search icon is visible in the top right of the navigation bar.
