Subject: Decision VI/8i -Amendment - Atomic Act

Dear Fiona,

even though the case against Slovakia (Decision VI/8i) has been already concluded by the Compliance Committee, we would nevertheless like to inform you about the legislative changes concerning the reference to postal and telecommunications secrets in the Atomic Act.

As of yesterday, October 12, the amendment to the Atomic Act removing the contested references to postal and telecommunications secrets entered into effect: <https://www.slov-lex.sk/pravne-predpisy/SK/ZZ/2021/363/20211012.html>

Hence, the legislative process focusing on the implementation of the Committee's recommendations has been successfully completed. Please find attached the Slovak version of the relevant provisions as well as the English translation.

Kind regards,

Marek Prítyi
