Purpose to support the development of a **Strategic Framework for Mainstreaming Ageing** to facilitate the systematic consideration and integration of both individual and population ageing aspects into broader national and local policies.

Stage-by-stage guidance on how to do this, building on stakeholder engagement, thorough age-sensitive research, analysis and impact assessments, cross-sectoral coordination and collaboration, as well as alignment with relevant international frameworks.
Stages in developing a Strategic Framework for Mainstreaming Ageing

1. Getting started
2. Analysis
3. Vision and Directions
4. Identification of Activities
5. Monitoring and Evaluation
Getting started

Ensure political commitment and prepare the ground for developing the Strategic Framework for Mainstreaming Ageing.

Suggested actions

- Making the case for mainstreaming ageing and securing political commitment and resources
- Conducting a stakeholder analysis
- Establishing a team (core group and stakeholder network)
- Determining the scope and timelines of the process
- Drafting a proposal
- Establishing a work plan

Results

✓ Political commitment
✓ Team
✓ Proposal
✓ Workplan
2 Analysis

Provide an overview and analysis of the current situation that sets a baseline for the development of the Strategic Framework for Mainstreaming Ageing.

Suggested actions

- Collecting and mapping of information, data and measures to identify gaps in policies, mainstreaming mechanisms and data
- Carrying out age- and gender-sensitive analysis and impact assessments to identify potential effects of measures on different age groups
- Summarising findings, gaps and analysis in a situation analysis report

Results

- Overview of existing efforts
- Identification of problem areas and gaps
- Situation analysis report
Vision and Directions

Identify the vision and long-term goals to be achieved by the Strategic Framework for Mainstreaming Ageing.

Suggested actions

- Identifying the scope of the strategy
- Organising a public consultation process
- Formulating a vision statement
- Identifying national goals and strategic objectives.
- Raising awareness of the vision, strategic goals, objectives and expected outcomes

Results

- Vision statement
- Strategic goals
- Objectives
- Expected outcomes
4 Identification of activities

Identify activities that can help realize the strategic goals, objectives and expected outcomes identified in Stage 3.

Suggested actions

- Identifying short-, medium- and long-term activities
- Establishing a coordination mechanism
- Awareness-raising and capacity-building
- Identifying implementing partners

Results

- Activities, outputs and timelines
- Coordination mechanism
- Implementing partners
- Implementation plan
Establish a Monitoring and Evaluation mechanism to track and evaluate progress, evaluate, adjust, and continually improve mainstreaming ageing.

Suggested actions

- Determining M&E timelines and mechanisms
- Defining indicators
- Identifying data sources
- Developing reporting structure and format

Results

- M&E mechanism
- Indicators
- Reporting structure and format
