

11 November 2021

Professor Brad Blitz  
On behalf of the Hendon Residents' Planning Forum  
United Kingdom

Dear Professor Blitz,

**Re: Communication concerning the compliance of the United Kingdom in connection with the Hendon Hub development project**

I refer to your communication submitted on 31 October 2021 concerning the compliance of the United Kingdom in connection with the Hendon Hub development project.

In accordance with paragraphs 88–90 of the Guide to the Aarhus Convention Compliance Committee, <http://www.unece.org/index.php?id=54512>, the Acting Chair of the Aarhus Convention Compliance Committee has reviewed your communication with a view to deciding whether it is sufficiently in the required format to be forwarded to the Compliance Committee for a possible determination of preliminary admissibility at its upcoming seventy-third meeting (Geneva, 13–16 December 2021).

In that regard, the Acting Chair has noted that, at paragraph 62 of the communication, you state that an environmental impact statement was carried out for the development project at issue. The environmental impact statement is not however annexed to your communication.

The Acting Chair has accordingly asked me to request you to provide the environmental impact statement, in pdf format, before **next Monday, 15 November 2021**. Please send the requested document to [aarhus.compliance@un.org](mailto:aarhus.compliance@un.org).

Please do not hesitate to contact the secretariat if you have any questions regarding the above.

Yours sincerely,

---

Fiona Marshall  
Secretary to the Aarhus Convention Compliance Committee
