

**Case study for Road Map on Statistics for SDGs 2.0**  
***Moldova: Social media***

<b>Description</b>	National Bureau of Statistics of Moldova is using Facebook and Twitter accounts to share information and data, mainly through infographics on different topics and to reach different users.
<b>Advantages</b>	Can promote data and information to a different, wider audience.
<b>Challenges</b>	Using infographics on social media platforms makes it challenging to share detail and technical information.
