Draft agenda for the twelfth meeting of the informal working group on "Substances"**Transmitted by the Government of Germany,**

1. The eleventh meeting of the informal working group on "Substances" took place from 13 to 15 May 2019. The report (ECE/TRANS/WP.15/AC.2/35/INF.7) was addressed at the 35th session of the Safety Committee.
2. Due to the pandemic situation, it has not been possible to hold a face-to-face meeting of the informal working group on "Substances" since the beginning of 2020. Nevertheless, in the meantime, the ADN Safety Committee has referred additional matters to the informal working group for deliberation.
3. The enclosed draft agenda for the twelfth meeting of the informal working group on "Substances" contains all current matters to be deliberated. Germany would like to ask the delegations of the Safety Committee to check the listed matters for completeness.
4. Given the fact that it is still uncertain when the pandemic situation will end, the Safety Committee could maybe discuss whether it would be possible to hold the twelfth meeting of the informal working group on "Substances" as a video conference and whether a discussion within the framework of a video conference is supported for all matters listed in the draft agenda.
