

SESSION 3

**Decision-making on siting and
land-use planning**

SESSION 3: DISCUSSION QUESTIONS

1. Has your country developed policies on decision-making on siting and land-use planning?
2. Is a part of your land-use planning decision-making process based on risk assessment methodologies and risk acceptance criteria?
3. Have the transboundary aspects been included in these policies and is their implementation ensured in practice?
4. Were you involved, as a neighbouring country, for decision-making on siting and land-use planning in one of your neighbouring countries?
