

# SESSION 4

**Emergency preparedness,  
response and mutual assistance**

## SESSION 4: DISCUSSION QUESTIONS

1. Do you have experience in taking joint actions with neighbouring or riparian countries to prevent and mitigate the effects of industrial accidents with transboundary consequences? Please describe the procedure by which these joint actions were initiated and implemented, such a joint table-top or field exercises.
2. Could you provide examples of the development or updates to joint or harmonized contingency plans? Have you conducted updates following the implementation of joint actions?
3. Do you have some recommendations for other Parties on how best to ensure coordinated preparedness and response, in a transboundary context?
