#### Proposals for amendments to RID/ADR/ADN: pending issues

### Changes introduced in the list of draft amendments to annexes A and B of ADR (ECE/TRANS/WP.15/256) and to RID (OTIF/RID/CE/GTP/2021/5)

#### Note by the secretariat

#### Introduction

1. While preparing the list of draft amendments to annexes A and B of ADR (ECE/TRANS/WP.15/256) and to RID (OTIF/RID/CE/GTP/2021/5), UNECE's and OTIF's secretariats identified a series of issues and agreed to correct them.
2. These corrections are already reflected in document ECE/TRANS/WP.15/256. The Joint Meeting might want to take note of some of these corrections. The list below reproduces those amendments (or parts of them) that have been modified from what had previously been adopted by WP.15 and the RID Committee of Experts' standing working group. For each of them, what is shown below is the final amendment as it has been published in ECE/TRANS/WP.15/256 and the differences to the amendments as originally adopted, are **highlighted**. Amendments which have not been changed and amendments with only minor or editorial changes are not reproduced below.
3. As this paper is for information purposes only, no action is required from the Joint Meeting.
